SOURCE

1. The Soviet Zone authority has given the Funkwerk Berlin-Köpenick an order for a 4 KW short wave sender. The work must be completed by 1 Dec 54.
2. A sonic altimeter (Echolot) is being developed for the Soviet Union. It is to have a horizontal range of 10,000 meters. Probably it is to be used as a direction-finder for other ships. The development work is now in the beginning stage.
